Maheen Sohail

IT Student (C.I.T & Web Development)

Full Stack Developer with hands-on experience in React.js, Node.js, Express.js, and MongoDB. Focused on creating scalable and user-friendly web applications.

SKILLS

Javascript | TypeScript | GSAP | Bootstrap | Git & GitHub | Firebase | MS Word | MS Excel | PowerPoint | Photoshop | HTML5 | Tailwind CSS | REST API | Node.js | Express.js | MongoDB | Mongoose | JWT Authentication | Postman | VS Code | React.js | CSS3

ACHIEVEMENTS

Modern Web Application Development

Saylani Mass IT Training Programme (SMIT)

Successfully completed a 16-month training program in modern web application development, with hands-on experience in HTML, CSS, JavaScript, React, TypeScript, MongoDB, REST APIs, and frontend–backend integration.

Cisco Networking Academy

(NetAcad)

I earned an HTML, CSS, and JavaScript certificate from netacad.com (Cisco), where I learned the fundamentals of web structure, styling, and interactive web development.

Makhani Institute of Technology

(Makhani Welfare)

Completed training in MS Word, Excel, PowerPoint, and Photoshop, gaining skills in document handling, presentations, and basic editing.

Front-End Development Internship Certificate

DevelopersHub Corporation

Completed a Front-End Internship at DevelopersHub Corporation, building responsive React UIs and gaining real-world development experience.

WORK EXPERIENCE

Full Stack Developer (Self Projects)

Self-Employed

Designed and developed responsive web applications. Created RESTful APIs and integrated databases. Implemented authentication, authorization, and payment systems. Managed project deployment and version control using GitHub.

Front-End Developer Intern

DevelopersHub Corporation

*Completed **Advanced Frontend Internship Tasks – Nexus Platform** using React. Designed and implemented desktop eCommerce web pages from Figma designs. Converted UI/UX designs into responsive and functional web interfaces. Built reusable components using HTML, CSS, JavaScript, and React. Followed modern frontend practices to improve performance and usability. Collaborated on project requirements and ensured design accuracy.*
